

2011 Named Lecture Campaign

A highlight of each SID Annual Meeting has always been the speakers who present the Named Lectures and the Irvin Blank Forum. These presentations not only provide us with outstanding science, often from experts who are not primarily involved in cutaneous biology, but also pay tribute to individuals who were so important in shaping the early days of the SID. A list of SID Named Lectures appears below:

- Herman Beerman Lecture
- Naomi M. Kanof Lecture
- William Montagna Lecture
- Julius Stone Lecture
- Eugene M. Farber Lecture
- Irvin Blank Forum

More information about each lecture, including past awardees, can be found on the SID website at www.sidnet.org.

The SID Board of Directors has launched a fund drive to secure the legacy of these programs. It is our goal for each of these funds to have a minimum of \$200,000, ensuring their legacy within the SID. Contributions will be directed to a general fund and distributed to those with lowest balance.

We need your help to achieve adequate funding to present these lectures annually! Please help us take our first steps toward reaching this goal. Please fill out the requested information in the next column, and return this form to the address below, or by fax to 216-579-9333. **Note: 100% of this contribution is tax deductible. Contributors will be acknowledged in the December 2011 issue of the Journal of Investigative Dermatology.**
