

**2009 Society for Investigative Dermatology Named Lecture Campaign**

A highlight of each annual meeting of the SID has always been the speakers who present the Named Lectures and the Irving Blank Forum. These presentations not only provide us with outstanding science, often from experts who are not primarily involved in cutaneous biology, but also pay tribute to individuals who were so important in shaping the early days of the SID. A list of SID Named Lectures appears below:

- |                 |                  |
|-----------------|------------------|
| Beerman Lecture | Kanof Lecture    |
| Blank Forum     | Montagna Lecture |
| Farber Lecture  | Stone Lecture    |

*Note: More information on each lecture, including past awardees, can be found on the SID website at [www.sidnet.org](http://www.sidnet.org)*

The SID Board of Directors has launched a fund drive to secure the legacy of these programs. It is our goal for each of these funds to have a minimum of \$200,000, ensuring their legacy within the SID. Contributions will be directed to a general fund and distributed to those with lowest balance.

We need your help to achieve adequate funding to present these lectures annually! Please help us take our first steps towards reaching this goal. Instructions for contributing appear below:

**STEP 1: Indicate the *total* amount you wish to contribute**

\$50.00     \$100.00     \$250.00     \$500.00     \$1000.00     Other \$ \_\_\_\_\_

Please indicate any specific fund (s) to which you wish to direct your contribution.
